## **PowerSchool Performance Matters**

## **ASSESSMENT & ANALYTICS NEEDS WORKSHEET**

What are your most critical academic initiatives this year?	
•	Additional Notes:
Typical Challenges	
Close achievement gaps	
Identify school improvement needs	
Improve student and teacher performance	
Reduce administrative burden on teachers	
Eliminate redundancy	
Evaluate product effectiveness with data	
Save Money	
Save Time	
Other:	
Uniter.	
What challenges have you experienced in measuring student	
achievement and moving your school district forward?	Additional Notes:
Typical Challenges	
Too many logins	
Fragmented data across disparate systems	
Existing product / solution lacks data and efficient reporting tools	
Lack of ad-hoc reporting tools	
Different processes in place at individual schools within district	
Too many initiatives	
Other:	
How are you currently analyzing student performance data	Additional Notes:
both in the moment and longitudinally? What solutions are you	Additional Notes:
both in the moment and longitudinally? What solutions are you using to identify strengths and weaknesses at all levels within	Additional Notes:
both in the moment and longitudinally? What solutions are you	Additional Notes:
both in the moment and longitudinally? What solutions are you using to identify strengths and weaknesses at all levels within	Additional Notes:
both in the moment and longitudinally? What solutions are you using to identify strengths and weaknesses at all levels within the district?	Additional Notes:
both in the moment and longitudinally? What solutions are you using to identify strengths and weaknesses at all levels within the district?  State system	Additional Notes:
both in the moment and longitudinally? What solutions are you using to identify strengths and weaknesses at all levels within the district?  State system Homegrown system	Additional Notes:
