

## Helping Power California School Operations

Top 10 Reasons PowerSchool Is The Right Education Technology Solution For California Districts

- 1 Easy to Learn, Easy to Operate**  
PowerSchool offers California educators and administrators an uncomplicated, stable system that is easy to use and navigate with a clean, modern interface.
- 2 Impeccable Data Integrity and Security**  
Data security is our number one priority. We are compliant with HIPAA and FERPA and use a number of security protocols to ensure your data is 100% secure in PowerSchool.
- 3 Superior Reporting Functionality and Support**  
70+ supported reports and submissions to meet all California Department of Education requirements, including easy-to-use CALPADS reporting — supporting required file formats to meet all CALPADS submissions for each data collection period and all required California State attendance reporting.
- 4 Web-Based**  
Fully web-based and works on any browser – with real-time data updates for all stakeholders.
- 5 NEW PowerTeacher Pro Gradebook**  
Intuitive, easy-to-use design and robust functionality allowing teachers more time for teaching. Supports both standards-based and traditional grading in one comprehensive solution from any device.
- 6 All-New Mobile Solutions**  
Highest-rated mobile apps, used by more than 7 million parents and students with real-time push notifications to check grades, attendance, and assignments.
- 7 Communication with Parents**  
Parent Portal and Student Portal display data all in real time – grades, attendance, and assignments.
- 8 Open System for Seamless Integration**  
Save your IT staff countless hours of work! API technologies, and our 3rd party partnerships, allow our customers to choose and integrate K12 education technology solutions – with single sign-on capabilities and real-time data exchange.
- 9 Industry-Leading Support**  
Experience the best, most dedicated customer support available; industry-leading distance learning courses and interactive, face-to-face training. Largest and most active user group community; plus, PowerSource user site allows users to reference knowledge-based articles, give feedback on content, download/share custom reports, and register for training classes.
- 10 Flexibility**  
PowerSchool can be tailored to your needs with easy and powerful configurations that can be done by the customer without having to rely on the vendor. Custom solutions created by PowerSchool users are shared and available to others on PowerSource at no additional cost.
