- Integrated reporting tools for any level of user
- Create custom report templates

Communication is Essential

Our compliance team meets regularly with the Ontario Advisory Board, made up of the administrators responsible for provincial reporting submissions from each of the Ontario PowerSchool boards. These valuable meetings provide feedback and help set the direction for upcoming development including prioritizing enhancement requests, fixes, and upcoming changes to Ministry requirements.

“Even with the complexity of Ontario reporting, PowerSchool is able to meet our reporting requirements. PowerSchool seems to have a genuine commitment to continue to meet the changing requirements in Ontario.”

– Diane Lockhead, Learning Technologies Department, Ottawa Catholic School Board
