Communication

Our Compliance Team meets regularly with Illinois users responsible for state reporting submissions from Illinois PowerSchool districts.

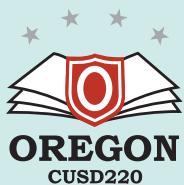

Our State Reporting Development Team meets with the Illinois Focus Group, a subset of Illinois PowerSchool districts, to help set the direction for upcoming development, including prioritizing enhancement requests, fixes, and upcoming changes to Illinois Release Notes and Tech Notes regarding state requirements updates and changes.

PowerSchool Illinois Product Management meets regularly with the Illinois State Board of Education for vendor conference calls regarding upcoming state changes.

Best-in-class, accurate compliance reporting

- In-state, expert, dedicated team made up of Illinois reporting specialists constantly monitoring new requirements and customer requests
- 35+ Illinois reports supported by Compliance, plus other built-in push button reports
- Integrated reporting tools for any level of user
- User groups and focus groups
- PowerSchool Enterprise Reporting for customized, interactive reports built from any and all data in the system

“PowerSchool has made state reporting a lot easier, and the extracts save so much time in compiling the endless reports that are needed for state reporting. If we had to do any of these by hand, it would take forever. PowerSchool has become the bed of our data lake. It has created ways of tracking and reporting out on student data that we never thought possible.”

— Adam Larsen, Assistant Superintendent, Oregon Community Unit School District 220, Illinois
