

Unified Administration™

STREAMLINE YOUR OPERATIONS AND
INVEST EFFECTIVELY IN DISTRICT SUCCESS

At PowerSchool, we understand that efficiency and school district success go hand in hand. That's why **PowerSchool Unified Administration™** gives administrators a **single, integrated solution** to simplify the management of school operations, bringing together Finance, Human Resources, and Payroll.

Make Better Decisions

Get **better organizational insight** with all the operational data and tools you need to make informed finance and HR decisions. Easily go from viewing a high-level budget directly into transactional details.

Unlock Team Productivity

Speed up approvals and operations with automated cross-silo workflows and approvals, all in one easy-to-use interface. Empower employees with self-service access to processes and reports while ensuring you maintain security and financial controls.

Plan for the Future

In addition to extensive K-12 reports, **our integration with Cognos** empowers you with detailed analytics, deep dives, and projections. Run what-if analysis and immediately implement your chosen option.

Fit for K-12

Built specifically for K-12 environments—**we ensure you stay in compliance** with changing regulatory requirements and make it simple to manage teacher contracts, payroll, workflow, and fund accounting, all with the state-required reports you need.

“PowerSchool products are a **powerfully interactive system** that keeps track of everything—our finances, students, and personnel—all in a **one-stop shop**. The software keeps everyone more informed and gives us the **tools to make better decisions.**”

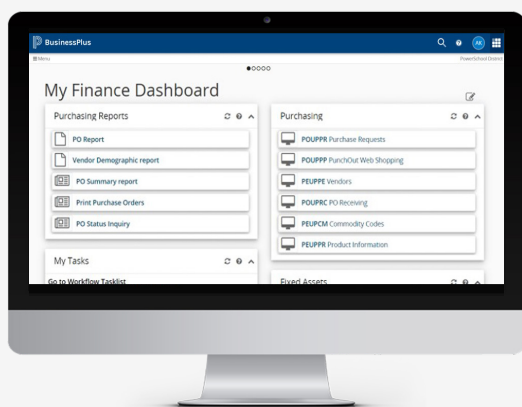

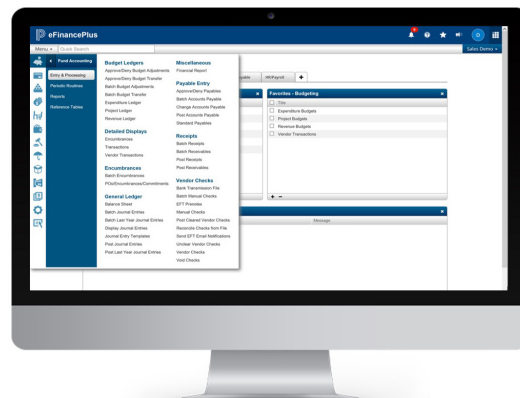

MACK JOHNSON

Management Systems Administrator,
Rose Tree Media School District, PA

For Small – Medium Districts:

eFinancePlus

Enable your K-12 schools or district to run more efficiently with a turnkey financial and human resource management system that comes ready to meet your needs. eFinancePlus is easy to implement with "out of the box" best in class workflows and compliance reporting from the K-12 leader.

For Large or Complex Districts:

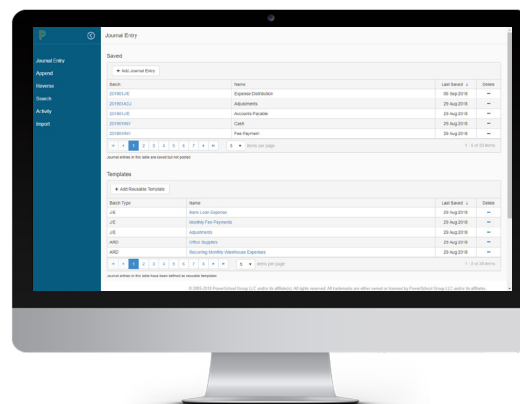

BusinessPlus

PowerSchool offers school districts a highly configurable enterprise resource planning (ERP) system that efficiently manages vital finance, employee, and payroll information. BusinessPlus automates key tasks and ensures required steps are taken to meet state and federal reporting. Plus, you have the ability to tailor workflows and adapt to the complexities of your unique school district.

For Canadian school districts and boards:

Atrieve

Atrieve simplifies the unique and complex processes of Canadian K-12 administration. Give your team the convenience of combined finance, human resources, and payroll products in one, seamlessly integrated, reliable solution. Gain flexibility with Canada's most trusted solution that understands and adapts to the complexities of your districts and boards.
