

Introducing PowerSchool in Arabic

INCREASING STUDENT SUPPORT WORLDWIDE

PowerSchool is proud to announce that multiple of our industry-leading products are now completely available in Arabic. This product launch includes comprehensive translation as well as multiple localization features, **including right-to-left user interface orientation and the Hijri calendar.**

Increase Collaboration

Empower Arabic-speaking educators, students, and families to interact and learn in a more centralized, familiar, and accessible way.

Elevate Student Achievement

Provide the opportunity for students to develop self-management and collaboration skills in their primary language of Arabic.

Promote Equity and Access

Ensure that more educational institutions can better support equity and access for their students and families.

Save Valuable Time

Centralize tools and eliminate manual translation tasks for educators, which can interfere with their focus on student learning.

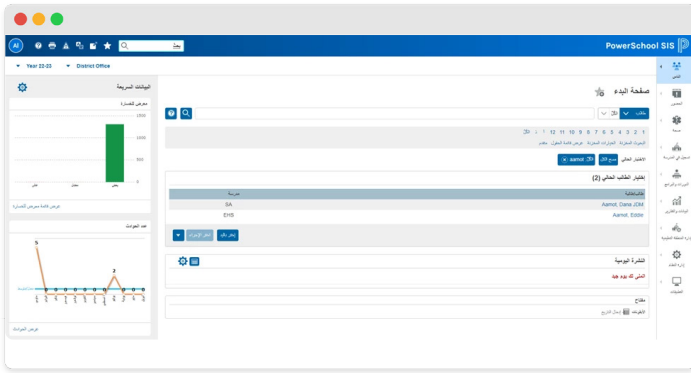

Over 370 million individuals worldwide speak Arabic as their primary language.

Source: www.worlddata.info

With a comprehensive program to protect the security and integrity of our applications—including robust cloud security, security by design, third-party penetration testing, and a responsible disclosure program—all validated by independent third-party auditors, **PowerSchool demonstrates our commitment to protecting our customers' data.**
