

Funding for the Future

PowerSchool Schoolology Learning

Learn how a sustainable investment in **PowerSchool Schoolology Learning**, a leading learning management system, can be achieved using long-standing federal funds, COVID emergency relief funds, and unique state grants.

Funding Source	Alignment to Schoolology Learning
<p>ESSER III</p>	<p>ESSER funds are used to meet district needs arising from the COVID-19 pandemic, including accelerating learning and ensuring continuity of operations.</p> <p>High-quality, differentiated instruction enabled by a digital system for assessment, lesson-planning, content delivery, and professional collaboration can play a key role in addressing and preventing learning loss, including during interruptions to in-person instruction.</p> <p>Consider leveraging unspent ESSER III to offset year-one costs of a new solution, achieving long-term impact with these temporary funds.</p>
<p>Title I Part A</p>	<p>The core purposes of Title I Part A are to ensure that all students meet challenging state academic standards, closing achievement gaps.</p> <p>By enabling differentiated instruction informed by real-time data and making lessons accessible both in-person and remotely, PowerSchool Schoolology Learning can be an important tool in accelerating achievement for every student. Schoolology Learning also promotes parent engagement, a key requirement of Title I.</p>
<p>Title II Part A</p>	<p>The intent of Title II Part A is to promote the availability of educators who are effective in improving student academic achievement, including through professional collaboration and coaching around best practices and resources.</p> <p>As a platform where staff can meet virtually, share resources, exchange ideas, and provide feedback and guidance, Schoolology Learning supports teachers and instructional leaders in growing their impact on student achievement.</p>

Funding Source	Alignment to Schoology Learning
<p>Title IV Part A</p>	<p>Title IV Part A may be leveraged to improve access to well-rounded educational opportunities and to personalize instruction.</p> <p>Compatible with hundreds of digital content providers across subject areas, Schoology Learning enables schools to expand their offerings and to personalize their lessons to meet each student’s interests and goals.</p>
<p>Title V Part B</p>	<p>Title V funds, or "REAP" funds, are made available to rural districts to supplement their other federal grants. These funds may be used towards any of the allowable uses of other Title funds, including promoting academic growth and increased access to well-rounded educational opportunities.</p>
<p>Unique State Grants</p>	<p>Many states make competitive grants available to school districts to aid in addressing high-priority needs. Grants for promoting academic achievement, expanding virtual learning, and personalizing the student experience can all be leveraged towards an investment in Schoology Learning.</p>
<p>General Fund</p>	<p>Districts may choose to leverage their general fund towards digital systems that improve student outcomes, reduce demands on staff, and yield cost savings. A digital learning platform for designing personalized instruction, sharing lesson resources, and preventing learning interruptions can have significant impacts on student achievement, staff workloads, and costs.</p>
