PowerSchool

Introducing PowerSchool

SUPPORTING DIGITAL TRANSFORMATION FOR INTERNATIONAL SCHOOLS AROUND THE WORLD

PowerSchool's mission is to empower educators, administrators, and families to help students learn in a way that's right for them. Our solutions help international schools support student success by **increasing system security, teacher effectiveness, college, career, and life readiness, and family engagement.** Our comprehensive, data-driven approach is designed to ensure personalized education for every journey.

Proven and Trusted Security

Attacks on schools' private information continue to be on the rise. Only PowerSchool elevates security by providing a singular platform for all your evolving SIS/MIS, LMS, data, and analytics needs.

AI-Driven Personalized Learning

Improve student progress with time-saving tools that help teachers responsibly adopt generative AI capabilities that simplify identifying, addressing, and eliminating gaps in learning.
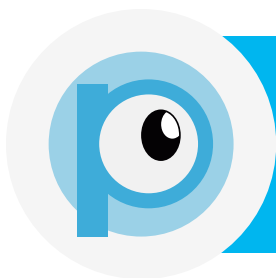

Life Readiness

PowerSchool is dedicated to providing personalized education for every journey that helps students thrive as lifelong learners—including intuitive tools to explore future career options and even apply to US-based colleges.

Centralized Data and Analytics

International schools are collecting more data than ever—not just attendance and grades but also student applications, enrollment data, and even digital engagement. PowerSchool helps schools achieve the data strategy that is right for them, from data management to leveraging intuitive dashboards when making strategic decisions.

With innovative tools like PowerSchool Connected Intelligence, the first fully-managed data as a service (DaaS) platform, PowerSchool continues to be committed to student data privacy across the education technology ecosystem.
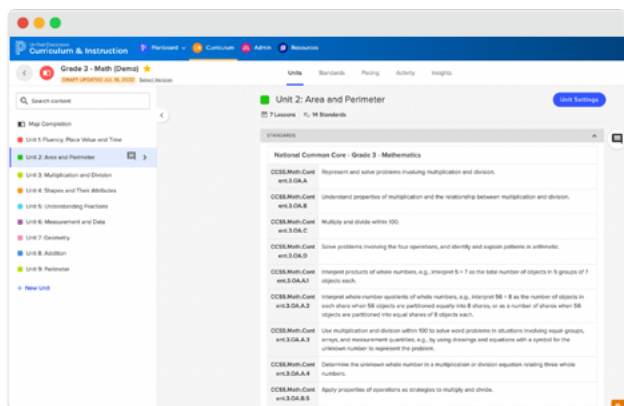

INTRODUCING POWERBUDDY

PowerSchool's new AI assistant uniquely crafted for students, families, teachers, and administrators to deliver personalized insights, boost engagement, and create a supportive environment for everyone at every step.
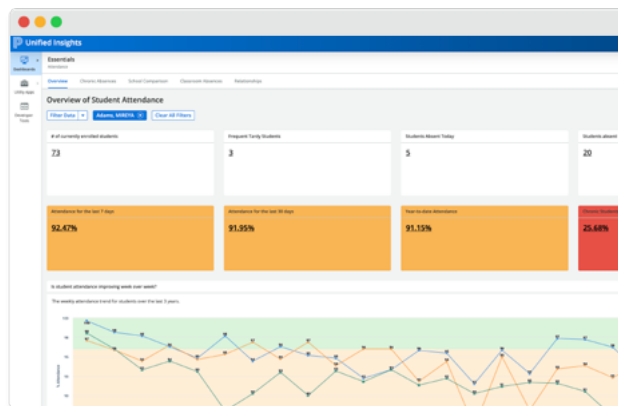

With a comprehensive program to protect the security and integrity of our applications—including robust cloud security, security by design, third-party penetration testing, and a responsible disclosure program—all validated by independent third-party auditors, **PowerSchool demonstrates our commitment to protecting our customers' data.**
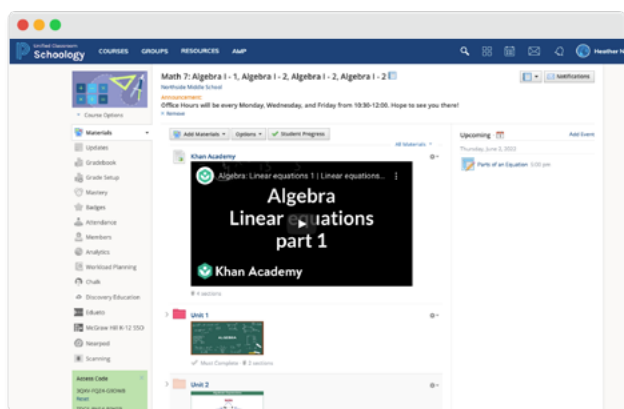

Curriculum Management

Build and share a cohesive curriculum framework that provides improved vertical alignment between lesson planning, content, instruction, and national, state, and local standards.

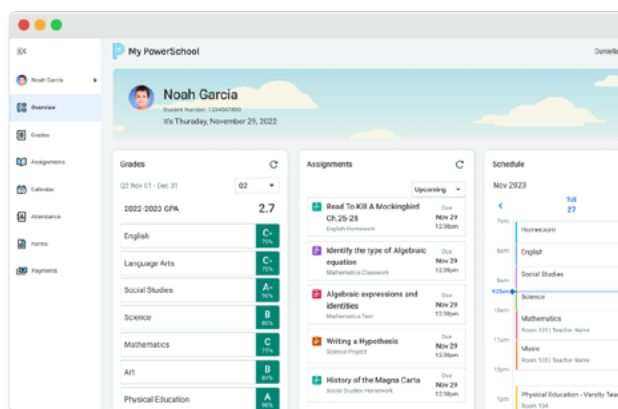

Comprehensive Data Management

Gain a deeper understanding of your data with predictive reporting and intuitive dashboards that help visualize trends in key initiatives such as enrollment, staff support, and early warning alerts.

Engaging Instructional Delivery

Provide students with **engaging digital learning experiences** built with AI-generative technology specifically designed to meet ongoing instructional needs and interests as students explore options for future success.

Centralized Communication and Collaboration

Increase student support with built-in messaging, announcements, calendars, notifications, and multi-language support alongside Groups to support PLCs, parent groups, extracurricular activities, and more.
