

# PD+ for Unified Talent Perform

## Professional Development Plus Training

Looking for PowerSchool Unified Talent Perform training? Check out the self-paced training videos, interactive courses, and role-based learning paths in the PD+ training library on Customer Education Campus!

DESIGNED FOR THESE JOB ROLES:

- Direct Report
- Human Resources
- Supervisor/Evaluator
- Technical Staff

Unified Talent Perform is a comprehensive performance evaluation system that staff use for all K-12 employee evaluations, from teachers and principals to support staff and beyond.

### As a PD+ for Unified Talent Perform subscriber, learn how to:

- Sign in and navigate Perform
- Set up locations, job types, and staff
- Identify security group members and configure permissions
- Develop and manage custom forms, including using calculations
- Build customized evaluation processes and establish document workflows
- Review, sign, and approve documents
- Assign and manage processes and tasks
- Conduct observations using the Notes tool
- Create customizable reports and data exports
- Use reports to monitor and manage yearly evaluation processes
- Analyze evaluation data for performance outcomes
- Use the Inter-Rater Reliability by Standard report to compare the average scores given by evaluators, identifying evaluators who are scoring outside of the norm
- Set up data transfers from one form to another
- Automate a process to roll over to the next school year

CURRENT TOPICS INCLUDE:

- Signing in to Perform
- Understanding Perform vocabulary and security groups
- Working with My Folder
- Reviewing, approving, and signing documents
- Configuring Perform
