

# Introducing PowerSchool

*Leading the way in connecting students, teachers, administrators, and parents throughout the world.*

PowerSchool's mission is to **power the education ecosystem with unified technology** that helps educators and students realise their full potential in their own way.

With more than two decades of experience delivering innovative, best-in-class education technology to **over 50 million students in 90+ countries**, PowerSchool is uniquely prepared to partner with educational organisations of any size as they work to improve student outcomes.

## Support Comprehensive Student Management

Add data fields, pages, and extend tables to **allow collection and management of any data you need**. Utilise flexible timetabling/scheduling and attendance and make easy adjustments to grading, calendaring, reporting, and more.

## Increase Family Engagement

Help parents stay involved with centralised access to attendance, grades, forms, and the ability to enter and update enrollment information—**available in multiple languages—like Spanish and Arabic** (including right-to-left text).

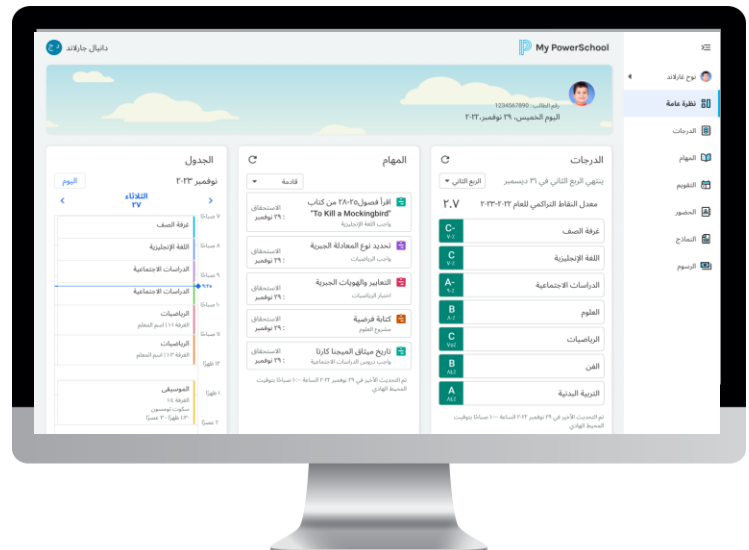

## Provide Personalised Learning Experiences

Create engaging learning materials and assignments incorporating media, videos, and tools from Microsoft and Google. Drive student mastery of learning objectives while **saving teachers time** by centralising all the instructional tools they need.

## Simplify Student Insights

Take confidence with accurate data that is easy to use and access, so you can get the insights you need to support a wide range of strategic initiatives

*Centralise Student Information for Educators, Students, and Parents*
