

# Personalized Education Worldwide

POWERSCHOOL IS COMMITTED TO IMPROVING  
GLOBAL STUDENT SUCCESS AT SCALE

Welcome to the next chapter of education powered by AI—where cutting edge technology meets the boundless potential of learning. PowerSchool’s mission is to enable educators, students, administrators, and parents to unlock the untapped potential and unparalleled efficiency of personalized teaching and learning at the highest level possible countrywide.

## Unesco’s Global Education Coalition (GEC)

PowerSchool is proud to participate in UNESCO’s GEC initiative, which is dedicated to ensuring the continuity of learning at a local, national, regional, and global level.

## Enhanced Digital Modernization

PowerSchool continues to invest in developing and deploying the tools countries need to take the next step in responsible AI usage, improved student performance, and enhanced workforce development countrywide.

## Experience with Countrywide Support

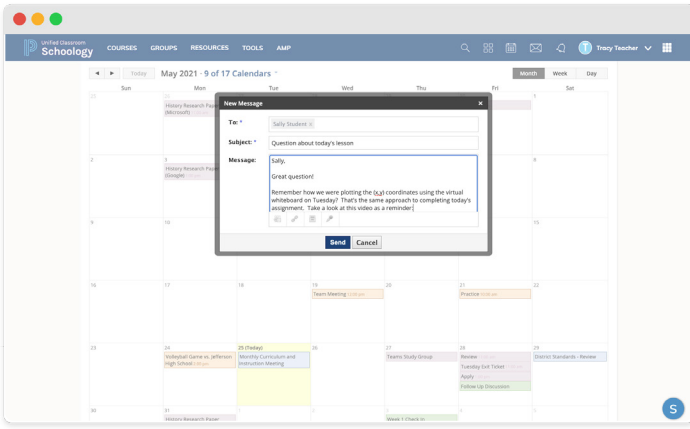

PowerSchool has several years of experience supporting teaching and learning at a country level. For example, Plan Ceibal (Uruguay) has successfully used PowerSchool Schoology Learning to elevate success for 300,000+ students.

Technology can help  
teachers reallocate

# 20-30%

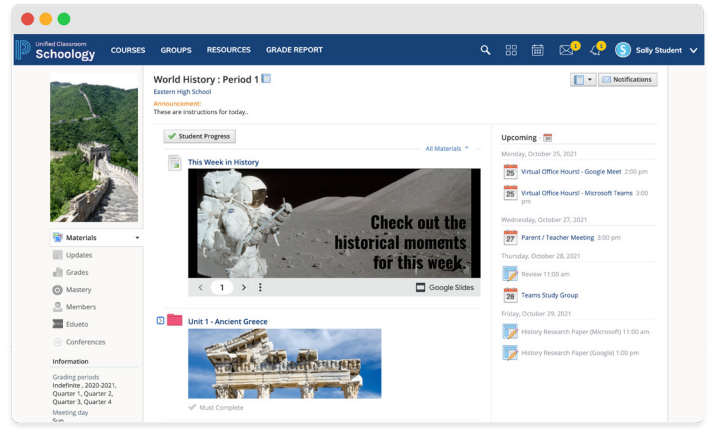

of their time toward activities  
that support student learning.<sup>1</sup>

holistic development and make teaching more fulfilling

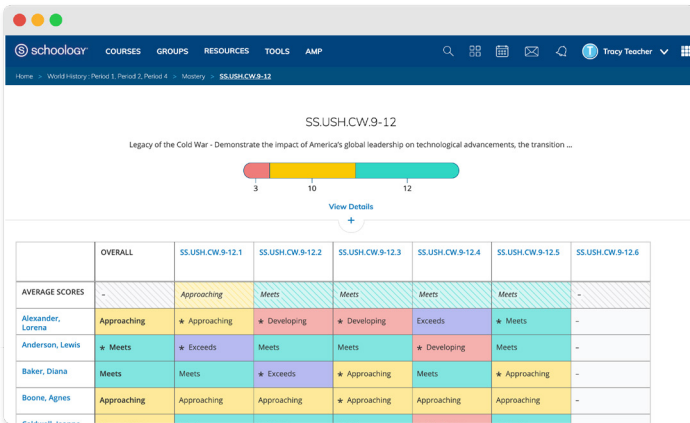

## Family Engagement

Provide parents with one place to view student assignments and progress and access communication tools (available in multiple languages) so that they are better prepared to support their children.

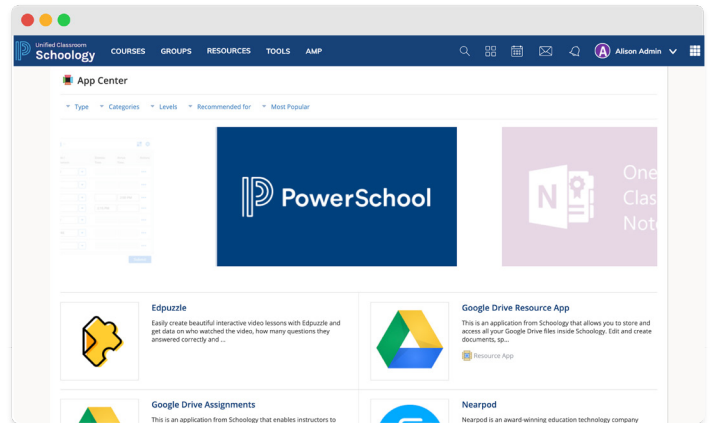

## Become More AI-Ready

Help students, teachers, parents, and administrators become more prepared to benefit from AI tools by providing a centralized location to access modern, AI-driven teaching and learning tools.

## Increased Transparency

Provide more data-driven support with a better understanding of student progress and teacher effectiveness at a classroom, school, and even national level.

## Improve Efficacy of Instruction

Increase the quality of instruction for all students by centralizing access to approved content, lesson plans, and all of your teachers' favorite tools, including Microsoft and Google.
